### **New Golden Door Highlight: Two guys from Vienna at Sazón**

With Christoph and Cube Golden Door will present two very special guests in cuisine and service of the restaurant Sazón during the following week.

One part of a new TV production of one of the very popular German reality soaps centred around "starting a new life and career in a foreign country" was shot last Friday, 28<sup>th</sup> of March, in the Golden Door restaurant Sazón. The stories evolves around 2 very proactive and inspired young men from Vienna, professionals in the gastronomy industry and combining very remarkable talent in "service and cuisine". Currently they are searching for more responsibility and challenge outside of their country of origin and made their way to Golden Door!

During the following days they will continue proving their talent at the Majorcan "Golden Door flag ship" restaurant Sazón, at C/.Apuntadores, 4 in Palma/La Lonja.

Sazón opened wide its doors and offers all guests additional culinary delights created by Christoph and perfectly presented by Cube – of course with a generous portion of the typical „charm Viennese“.

For everyone now actively curious to meet this truly interesting Austrian import and try their food, Sazón is happy to receive reservations at T. 971 72 08 17. For all details please check [www.grupogoldendoor.com](http://www.grupogoldendoor.com).

For all our very close Media friends we thought about a round table with some food and drinks completely charmed by Christoph and Cube next Tuesday, 1st of April (no joke!) between 12:30 and 13:30 at restaurant Sazón.

As we only hold 10 seats, please have the kindness to communicate your attendance as soon as possible.
